## Reading Matter of Every Page.

The Hon. Joshua F. Bell as a War Politician.

By the laws of Kentucky the Governor is Commander-in-Chief of the militia and navies of the State, whether the soldiers are armed with muskets or cutlasses; whether the marines do not upon men-of-war or land. And as was no longer being in view any indications of all Europe being so lawless as to threaten the peace of the United States, it will not be amiss for the fighting men of Kentucky to think of the character of the next Governor, who would be their Commander in Chief, within the limits of the State, at least.

It is proposed to elect the Hon. Joshua F. Bell Governor. How does Bell stand, then, upon the war question? Is he a suitable man for the post of Executive and Commander-in-Chief of our State troops in case of a war either foreign or domestic? His record so far as this goes, must answer these questions.

During the war between this country and Mexico, the Hon. Joshua F. Bell was in Congress.

Different statesmen of that time were devising ways and suggesting means of carrying on the war with energy and spirit worthy of such a power as the United States. Among these statesmen, the Hon. Joshua F. Bell came forward with a plan. And what was that plan? Oh, war ravers of Kentucky, who now seek to place Mr. Bell at the head of our troops? It was this:

On the 2d of January, 1847, Mr. Bell proposed to help the United States to carry on the war with Mexico, by taking from members of Congress, and all other officers of the civil department of the Government whose salaries could be constitutionally reduced, twenty-five per cent. of their pay! He made this novel suggestion in the shape of a resolution, directing the Committee on Military Affairs to report a bill taking from the parties named twenty-five per cent. of their pay, to create a war fund during the continuance of hostilities with Mexico.

We say this mode of raising the sinews of war for such a power as the United States, was novel.

When the statesmen of England, France, Austria, Prussia or Russia, the five first powers of Europe, want money to make war, they borrow it upon bonds and create a national debt.

The statesmen of the United States have known to pursue the same course. But Mr. Bell performed the novel mode of docking the pay of those who served on our civil government, for the purpose of carrying on an unprofitable war.

We should like to have the voters of Kentucky think of this item of statesmanship on the part of the Hon. Joshua F. Bell, when they go to the polls the first Monday in August next. If they like such financing for war purposes they ought to vote for Bell; and if they don't like it they had better not vote for him. There is no telling what he may propose in the Legislature next winter, if he is elected Governor. He may go for taking twenty-five per cent. from the pay of every civil official in the State to accumulate a fund for a prospective uncivil war, and refuse to sign any resolution or law until he carries his point.

We don't know how Magoffin stands on the war question, but we do know that he cannot possibly entertain views more unstatesmanlike than those of Bell. Indeed, we should infer from Magoffin's willingness to place a suitable fund at the disposal of the President to secure Cuba, that an opportunity should present itself for getting the Island, that he is pretty sound on the war question. On the contrary, if Magoffin had proposed to dock the pay of members of Congress, and all other civil officers of the Government, to raise a fund to take Cuba, we should have thought him a more of a statesman than Bell.

A Word About Col. Caldwell.

The Louisville Journal of last Saturday charged that Col. Caldwell had voted for the Oregon bill and the Wilmot Proviso. The charge drew a letter from Col. Caldwell, and a reply from ourselves, showing that Col. Caldwell was not in Congress either when the Oregon bill was enacted or when the Wilmot Proviso came up. The majority of the editor of the Journal thus being refreshed, he narrowed down his charge in the Journal of yesterday to stating that Col. Caldwell had voted for an Oregon bill, February 2d, 1845.

Had this been the charge made in the first place, there would have been no disputing about the matter. No one will deny that Col. Caldwell voted for an Oregon bill at that time, but any one who pretends to accurate information as to the political history of the country, would no longer say that this vote was for the Oregon bill, which passed August 14th, 1845, or the Wilmot Proviso, which originated in Congress on the 12th of August, 1846. And if the Journal makes such loose charge as this, there is no telling into what scrapes the editor may involve his of his particular friends as Willis Green and Henry Gilder, who voted in this instance with Col. Caldwell.

As Col. Caldwell is only a private citizen, asking no office of the people at this time, it is needless to say, that he voted for the Oregon bill.

He voted for the Wilmot Proviso, and all other civil officers of the Government, to raise a fund to take Cuba, we should have thought him a more of a statesman than Bell.

Had this been the charge made in the first place, there would have been no disputing about the matter. No one will deny that Col. Caldwell voted for an Oregon bill at that time, but any one who pretends to accurate information as to the political history of the country, would no longer say that this vote was for the Oregon bill, which passed August 14th, 1845, or the Wilmot Proviso, which originated in Congress on the 12th of August, 1846. And if the Journal makes such loose charge as this, there is no telling into what scrapes the editor may involve his of his particular friends as Willis Green and Henry Gilder, who voted in this instance with Col. Caldwell.

As Col. Caldwell is only a private citizen, asking no office of the people at this time, it is needless to say, that he voted for the Oregon bill.

He voted for the Wilmot Proviso, and all other civil officers of the Government, to raise a fund to take Cuba, we should have thought him a more of a statesman than Bell.

The Louisville Journal of last Saturday charged that Col. Caldwell had voted for the Oregon bill and the Wilmot Proviso. The charge drew a letter from Col. Caldwell, and a reply from ourselves, showing that Col. Caldwell was not in Congress either when the Oregon bill was enacted or when the Wilmot Proviso came up. The majority of the editor of the Journal thus being refreshed, he narrowed down his charge in the Journal of yesterday to stating that Col. Caldwell had voted for an Oregon bill, February 2d, 1845.

Had this been the charge made in the first place, there would have been no disputing about the matter. No one will deny that Col. Caldwell voted for an Oregon bill at that time, but any one who pretends to accurate information as to the political history of the country, would no longer say that this vote was for the Oregon bill, which passed August 14th, 1845, or the Wilmot Proviso, which originated in Congress on the 12th of August, 1846. **FROM WASHINGTON.**  
Washington, June 28.—John B. Chronister, who was shot on Sunday evening at the Washington Guards by Wm. Condon, died last night. Condon is still liberty.

The notorious Joe Edwards, who has lately been indifferently paraded before the public as a hero of the South, and the leader of the Union Prayer Meeting, yesterday, in company with another notorious rowdy, George alias Jack Gardner, perpetrated a murderous assault upon a colored colored at Cooper & Abraham's shipyard, and took away his gun. Mr. Edwards, Esq., a well known ship-builder, and member of the Grand Jury. They then proceeded to the ship David Stuart, and nearly murdered the ship's master, Captain David Stuart, and the steward, John Williams, who was severely wounded. They were subsequently overtaken and arrested, but released on straw bail. The assailants are caulkers, and were taking revenge on parties for employing colored caulkers.
